ABOUT THIS CATALOGUE

Catalogue of Publications

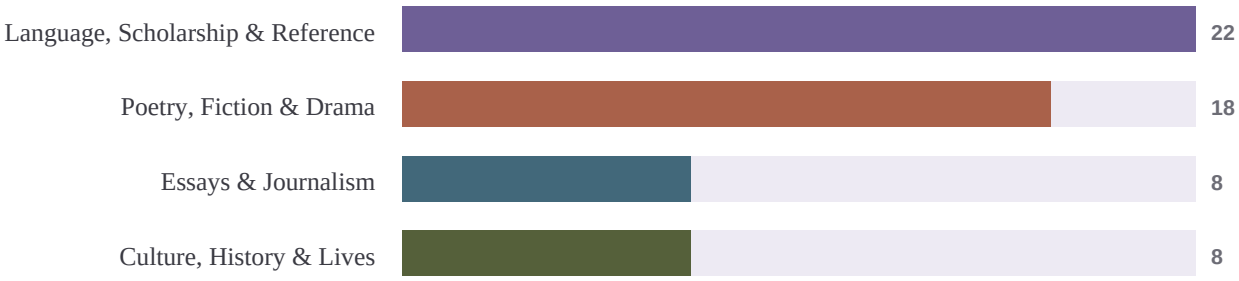

This catalogue lists the 56 titles published by the Indian Institute of Sindhology between 1993 and 2025. Each entry gives the title as it appears on the book — in roman transliteration, in Devanagari and in the Sindhi Arabic script — together with its author or editor, its subject and its year of publication.

The list is arranged by year of publication and divided into four periods. Two indexes follow the catalogue: one by subject and one by author and editor.

ABOUT THIS CATALOGUE

Titles by Subject

The Institute's list is anchored by its teaching titles — primers, readers and language books, thirteen in all — with literature, criticism and cultural history built out around them.

1993–1999

20 TITLES

The founding years. Twenty titles in seven seasons, weighted towards the primers and readers with which the Institute set out to put the Sindhi script back into children's hands.
